

Project: Bowerham Tennis Club

Product: Matchplay 2

## Bowerham Tennis Club

Based in Lancaster, Bowerham Tennis club has recently undergone a whole new transformation to their block of four tennis courts. Playrite were approached by Dorothy Rowley from the tennis club to discuss what options they had in regards to a new surface. They currently had tarmacadam and wanted to upgrade the level of play they could currently offer.

Ken Smith of Playrite visited and presented Matchplay 2 to the club, which is a very durable and hard wearing surface which gives endless hours of consistent play.

Ken then referred the enquiry to Outdoor Carpets to provide a quotation to carry out the installation if they decided to go ahead. Colin Lloyd visited and met with Dorothy which then led to a decision being made in September and the courts installed in November.

Once the installation was complete, Ken met with a few members in July 2018 and asked for comments on the new courts. This is what they said "Love this surface (Matchplay 2) as the ball reacts well and you get a good game – soft on the feet too!"
