

Project: Quernmore Recreation Club

Product: Matchplay 2

Quernmore Recreation Club

Quernmore Parish covers the largely rural area to the east of Lancaster as far as Jubilee Tower to the east, the river Lune and Caton-with-Littledale to the north and Ellel and Scotforth to the south.

The Challenge

In January 2017, Quernmore Recreation Club contacted Playrite regarding the renovation of its 15-year-old tarmacadam tennis court which had begun to deteriorate. After establishing the club's unique requirements, Playrite

recommended Matchplay 2 and approved contractor, Surfacing Systems, installed the new surface in two-tone green with line markings for tennis, netball and five-a-side football. The club also opted for a 10mm shockpad to cushion the activity impact on older member's joints during play.

The Result

The new surface has greatly improved the club aesthetically and feedback from the club's committee and members has been fantastic.
