

Project: Charterhouse School

Product: Matchwinner Velour

Charterhouse School

Charterhouse is one of the leading independent schools in the country, which prides itself on achievement and academic excellence and its quality of facilities for over 800 pupils.

Charterhouse School is an independent day and boarding school in Godalming, Surrey. Founded in 1611, it was amongst a group of the first English public schools.

As part of the ongoing development and investment by the school in sports facilities, Artificial Grass Maintenance Cambridge was approached with a view to totally overhaul and upgrade an existing three bay caged cricket practice bay area. Cricket plays a very important part in the school's sports curriculum and a high-quality premium performance surface with excellent durability was high on the list of requirements.

Playrite's Practice Play Junior Cricket Material more than met these requirements and was chosen for the project. The material was installed over a 6mm Interplay Shockpad and a surround material of Playrite Matchwinner Velour in Autumn Green colour was chosen to give a striking two-tone effect.

The installation was completed in Mid - February 2018 and both the contractor and school were delighted with the outcome and the new facility.
