

Project: Formby Football Surface

Product: Tournament MF

Formby Football Surface

In October 2019, Mrs Clarke contacted Playrite to discuss the possibilities of resurfacing a private tennis court at her home address.

As Mrs Clarke has three children who play football more than any other sport, she wanted to surprise her children by arranging a new football surface.

Ken Smith from Playrite arranged to meet Mrs Clarke and survey the existing court. Ken advised that the existing tarmac court could be recovered and suggested Playrite Matchpad shockpad and Tournament MF with white lines for football.

With the family due to attend the World Rugby Finals in Japan, we had to work to a very short timeline and Ken invited Envirolawn to quote for the work.

In order to proceed quickly the new surface was delivered and installed within two weeks to the delight of Mrs Clarke's family.
