

## Holy Family Catholic Primary School

Recently, Playrite provided Nearlygrass 30 for the Holy Family Catholic Primary School in partnership with Playsound Playgrounds. A leading UK manufacturer of artificial turf and sports surfaces, Playrite supplied one of their more popular products, Nearlygrass 30. A high-quality artificial grass designed for use in various applications, including playgrounds, sports fields, and landscaping.

Holy Family Catholic Primary School is a well-known school located in the UK that provides education to children between the ages of 3 and 11 years old. The school required a new play area for its students, and they wanted a durable,

low-maintenance surface that could withstand heavy use and provide a safe, comfortable surface for the children to play on.

To meet the school's requirements, Playrite provided Nearlygrass 30, which is an ideal surface for playgrounds. The Nearlygrass 30 artificial grass provides a soft and comfortable surface for children to play on while ensuring maximum safety. The product is designed with a durable backing that prevents wear and tear, making it suitable for heavy use. Playsound Playgrounds, an experienced playground installation company, was selected to install the artificial grass.

The installation team at Playsound Playgrounds worked closely with Playrite to ensure that the surface was installed to the highest standards. They used the latest installation techniques to ensure that the surface was level, and they installed the artificial grass with the correct amount of infill to provide the ideal surface for the children to play on.

The installation of the Nearlygrass 30 artificial grass was completed within the required timeframe, and the school was delighted with the finished result. The new play area provides a safe, comfortable, and low-maintenance surface for the children to play on, and the school has received positive feedback from parents and students alike.

The successful installation of Nearlygrass 30 at Holy Family Catholic Primary School demonstrates the benefits of using high-quality artificial grass in playgrounds.

Playrite's expertise in manufacturing and providing top-quality artificial turf products, combined with the installation expertise of Playsound Playgrounds, has resulted in a successful project that has met the school's requirements and exceeded their expectations.

The Nearlygrass 30 product has proven to be an ideal solution for playgrounds and other high-traffic areas, providing a durable and safe surface for children to play on for many years to come.
